The Human Body	BBC	Producer: Richard Dale Director: Chris Spencer The whole of human life and death. BAFTA nominations, short listed for sound.

The above is a small selection of my credits. I have worked in the film industry for more than 25 years specialising in Film and TV drama. I started work at the BBC's film unit in Ealing west London, where I worked exclusively on film productions for over 15 years. Since going freelance I have been lucky enough to work on a mixture of productions including documentaries, comedy, drama and features both in Film and HD. I have both BAFTA and RTS nominations for my work.
